### Summary

It has been a while since we did our last bi-annual survey, as a result of the Covid-19 pandemic.

We are particularly pleased that there has been a significant increase from 'agree' to 'strongly agree' in all areas, but especially in the high quality of learning, the balance of the curriculum and the communication to parents; whilst the 'disagree/strongly disagree' remain very low.

Notwithstanding this, we always take on board any constructive criticism and acknowledge the need to relay more information relating to the United Nations Conventions of the Child and the additional ways in which we would communicate with pupils should there ever be another lockdown.

Finally, thank you to all those who took part in the survey; such feedback is invaluable in helping to determine our future focus as a school.
