Summary

As we slowly emerge from the Covid pandemic we have been keen to take stock, once again, of where we are as a school in the eyes of our parents.

We are particularly pleased that parents commented on how happy their children are at school, especially after the stresses over the last year in trying to get back to some kind of 'near normality'. We are also pleased that comments about progress and good and effective communication, amongst others, remain very high.

Notwithstanding this, we always take on board any constructive criticism and acknowledge the need to consider additional co-curricular options for all age groups.

Finally, thank you to all those who took part in the survey; such feedback is invaluable in helping to determine our future focus as a school.

“Particularly impressed with the support my daughter was given when I raised some concerns”.

“

My daughter is very happy, she is motivated and keen in all aspects of school life. She is self-aware and can take risks knowing she is in a safe environment.

“

We are so happy with everything at JCP both academically and socially our children are thriving. Thank you for all you do, we feel blessed to be at such a good school.

“

“My child has just gone through xxxx diagnosis. I have been so, so impressed with how the school has sought to implement accommodations and measures to help them adjust and learn, how hard the staff have worked on this, and how great the communication is with us as parents. I know xxxx is not easy, this has taken up a significant amount of staff time, and there have been some difficult moments, but xxxx is really enjoying school, and learning well, and I cannot thank you all enough. I was always told you should judge a school by how it responds to the kids who are struggling, and the support at JCP has been nothing short of amazing, thank you.”

“

Communication is excellent – clear, concise and accurate.

“

“My daughter joined in September and I'm delighted with how much she's enjoying school and with her academic progress.”
