Dear Parents

Another busy week of learning. As the Government look to open up more shops, etc. next week, we are hoping that this may also soon include being able to invite back more external providers of clubs, such as Viks Fit Kids and Samurai kick-boxing to name just two. I know the children who take part in these really enjoy them!

We are also looking forward to catching up with you soon in our Parent/Teacher meetings due on Monday 8th and Wednesday 10th February to discuss your child's progress so far this year. Please see below for more details.

Lateral Flow Testing in Schools and Colleges

Please see the attached letter from Dr Ivan Muscat with regard to the lateral flow testing which is due to begin shortly for students in Year 11 and above and school staff.

Parent/Teacher Consultations

You will have received a letter from me yesterday with information on how to book for the Parent Teacher Consultation Video calls. If you have any problems with booking this or any other concerns, please do get in contact with us and we will do all we can to help.

Parent Survey

We will be sending out a Parent Survey for all parents and carers of children at JCP next week. It has been a while since we did this – with all the challenges that have been going on over the last year! I would ask that you keep an eye open for it and take, what will amount to only a few minutes, to tick the relevant boxes and submit. Your feedback is genuinely important to us.

Please don't forget that we are still at the end of a phone or email or indeed on the top waiting circle (on most days) as well! Thank you in advance.

Vision Screening

This will take place for Reception pupils on Thursday 28th January, Monday 1st and Thursday 4th February. Sarah Evans from the Orthoptic department at the General Hospital will be coming in to do this. You will have returned a consent slip to school for the screening which has been provided to her.

She may also test any other pupils who started with us from September 2020 up to and including Year 3. However, if the latter have been screened before, at a previous school on island, they won't be screened again.
